Join us for an inspiring journey through the world of the Spanish Riding School – from the birth of a foal in Piber to the refined school stallion performing in Vienna. You'll discover how systematic training, mental strength, and true partnership between horse and human create moments of effortless brilliance. Rooted in centuries of tradition, this presentation bridges classical horsemanship with modern insights from coaching and personal development.

Confidence, anxiety, focus – mental coaching is finally making its way to equestrian disciplines! Helmut will address all of these in this highly educational and interactive event.

*“We must live for the School. Offer our lives to it! Then, perhaps, little by little, the light will grow from the tiny candle we keep lit here, and the great art – of the haute école – will not be snuffed out.”*

~ Alois Podhajsky, Director of the Spanish Riding School of Vienna  
from 1939 – 1965
